

Not vaccinated yet? MMC offers priority vaccination

MIRI: Miri City Council (MCC) is calling on eatery operators and their workers who have not had their Covid-19 vaccine to contact the council to arrange for priority vaccination.

According to a press statement from Mayor Adam Yii, this is in line with Sarawak Disaster Management Committee (SDMC)'s directive of allowing dine-in for eateries run by operators and workers who have at least received their first dose of Covid-19 vaccine.

"There are 1,508 workers from 240 eateries who have been vaccinated with at least one dose," he said.

Yii thus requested eatery operators and workers who are still not vaccinated, to contact Juraila of the MCC on 019-721 6684 to register for priority vaccination.

"To ensure that eateries do not become potential clusters, the standard operating procedures (SOP) must be observed - MySejahtera scanning, temperature-taking, maintaining social distancing, wearing face masks, and maintaining 50 per cent capacity at all times - all of this must be strictly observed."

Yii said Miri, as with the whole of Sarawak, had done well generally in flattening the Covid-

19 curve for the past couple of weeks.

"Together, we have brought the situation under control.

"With the opening up of more businesses under Phase 2 of the National Recovery Plan (NRP), everyone is reminded not to let their guards down, in view of the more virulent variants like Delta.

"While we welcome the opening of more businesses to revive our economy, we have to be mindful that this has to be done in an orderly manner so as not to jeopardise all efforts to stop the spread of Covid 19.

"We still have to comply with the various restrictions and controls.

"In other words, we still have to continue to make sacrifices to ensure no new spikes happening.

"I am sure we can do it together," said the mayor.
