

PRESS RELEASE FOR:
FESTIVAL CLEANING PROGRAM IN CONJUNCTION WITH THE
HARI RAYA AIDILFITRI CELEBRATION 2025

Miri City Council (MCC), anticipating huge volume of domestic and bulky waste in the upcoming hari raya celebration, has allocated 44 Roll-On Roll-Off (RORO) bins to housing estates. The bins had been placed at 46 strategic locations to enable residents in the area to dispose their waste.

They will be placed at Taman Tunku/Lambir/Luak Zone, Jalan Luak-Bakam Zone, Jalan Riam/Lopeng Zone, Krokop /Piasau Zone, Pujut Zone, Piasau Utara / Tudan Zone, Desa Senadin Zone, Permyjaya Zone, and Lutong / Kuala Baram Zone.

The Festival Cleaning campaign will start on 15th March 2025 and would end on the 28th March 2025, depending on the location.

MCC hoped residents will utilise the provided bins and refrain from dumping rubbish indiscriminately, especially on road verges, road reserves or open spaces as this will not only become an eyesore, but also create potential breeding grounds for mosquitoes and other diseases-bearing insects.

For any enquiries, the public can contact the Council's Office at 085-433501 or Public Cleansing and Maintenance Section (085-442411).
